APRU ends pandemic hiatus with first physical meeting at NTU Singapore and highlights urgency to collaborate through international university networks

By: APRU via Business Wire

July 12, 2022 at 10:26 AM EDT

The 26th Annual Presidents' Meeting 2022 was the first international in-person meeting for many university presidents worldwide.

The Association of Pacific Rim Universities (APRU) Annual Presidents' Meeting 2022 wrapped up in Singapore on July 9th, marking an important milestone as university leaders from at least nine countries gathered together in person as our societies began to open up.

More than 100 presidents, university delegates, higher education leaders, and guests from around the world gathered at the 26th APRU Annual Presidents' Meeting hosted by Nanyang Technological University Singapore, which kicked off on 6 July 2022. Themed "Reconnecting in a Sustainable World", this APM is the first in-person meeting of APRU since 2019. In the 3-day meeting, speakers and panelists addressed critical sustainability and climate change issues, how to prevent the next pandemic, and the urgent need to collaborate in a post-COVID-19 world. Hosted by **Nanyang Technological University (NTU), Singapore**, under the theme "Reconnecting in a Sustainable World", the three-day event saw more than 100 presidents, senior university administrators, and private sector representatives in attendance.

Over six sessions, the participants addressed critical sustainability and climate change issues, how to prevent the next pandemic, and the urgent need to collaborate in a post-COVID-19 world suffering from an alarming trend of international rivalry.

The meeting ended with a firm commitment by the university presidents to pool together their resources by combining the formidable scholarship, research, and innovation on our campuses to help shape a cleaner, safer, more equitable, sustainable, and prosperous world to secure the 21st century for future generations.
