NTU Partners NOL to Launch Scholarship for Graduate Programme in Maritime Studies

About the Master of Science (Maritime Studies)

NTU's Master of Science (Maritime Studies) programme produces high calibre and talented graduates to play leading roles in fulfilling Singapore's vision to be an internationally renowned maritime hub.

This programme provides an avenue for higher training for young graduates and middle-management executives working in shipping-related areas. The MSc programme enables participants to gain a deeper understanding of key topics related to the maritime business such as shipping management, shipping economics and shipping and transport logistics.

The MSc (Maritime Studies) programme will be conducted jointly by NTU and the Norwegian School of Management (BI). BI is the first Norwegian educational and research institution to achieve international accreditation and is recognized as one of Europe’s leading business schools. Visiting professors as well as experts and specialists in shipping areas will be invited to conduct special classes for the programme.

Course Duration

The minimum duration to complete the MSc programme is 2 semesters (1 year) for full-time students, and 4 semesters (2 years) for part-time students.
Award of Degree

Candidates who complete all the requirements will be awarded the degree of Master of Science (Maritime Studies) by NTU. Some of the course credits will be recognized by BI towards the fulfillment of the MBA degree in BI.

Admission requirements

Applicants with a good bachelor's degree in shipping, business or related discipline in science and engineering are welcomed to apply to the programme. Prior working experience in shipping is recommended. Applicants with advanced marine training with Certificate of Competency (Class 1) recognized by the Maritime and Port Authority of Singapore are also eligible to apply.

About the NOL-Captain MJ Sayeed Scholarship

The NOL – Captain M J Sayeed Scholarship is set up in memory of Captain Muhammad Jalaluddin Sayeed, the founding Managing Director of NOL, who had made pioneering contribution to Singapore’s maritime industry in the 1960s.

The endowed scholarship will go towards benefiting students in the MSc (Maritime Studies) programme. The students should demonstrate leadership potential and possess a passion for a career in the maritime industry.

The scholarship awarded will cover full tuition fees for students of the MSc (Maritime Studies) programme.

Applicants will be considered based on their academic performance and working experience in the maritime industry. Applicants who demonstrate leadership potential and passion towards a life-long career in the maritime industry will be strongly favoured.

Short-listed candidates will be interviewed and selected by the NTU Scholarship Selection Committee with an NOL representative.
