E³ COLOUR AWARDS 2003

OBJECTIVE
To promote an all rounded education and recognise outstanding achievements in extra-curricular activities and general excellence in academic performance among EEE students during their study for the Bachelor of Engineering (Electrical and Electronic) Degree Programme.

TYPES OF AWARDS
EEE graduating students with good academic standing and outstanding achievements in extra-curricular activities during their study in the School of EEE will be awarded the following types of Awards:

E³ Gold Award : $300 cash with a trophy and certificate
E³ Silver Award : $200 cash with a trophy and certificate
E³ Bronze Award : $100 cash with a trophy and certificate

The Awards are given out annually to the graduating batch of students from the EEE School's Education and Enhancement Donors' SEED Fund.

CRITERIA FOR AWARDS
The Awards are given to students who have demonstrated outstanding leadership and entrepreneurship qualities through extra-curricular activities or significantly contributed towards the winning of a team or individual event at international/regional/national level for any competition, sport or game, or substantially made major contribution as key person/office bearer in club, society, charitable or non-profitable organization at international/regional/national level. The successful candidates should also have commendable academic records.

SELECTION PROCESS
Applications/nominations for the Awards are open to all EEE graduating students at the middle of the second semester. The Forms can be obtained electronically or from the EEE S1 General Office. The completed forms together with the supporting documents must be submitted to the S1 General Office before 31st March 2003. A Selection Panel comprising of the Dean, Vice-Dean (Academic), and two Sub-Deans will conduct the interview for shortlisted candidates.
