New Teaching Staff (from 1 April 2003 - 15 October 2003)

**DIVISION OF POWER ENGINEERING**

**Dr. Zhang Daming**
Assistant Professor
05 May 2003

Dr. Zhang Daming focuses on the development and application of new materials and technologies in power systems.

**Dr. Tan Meng Tong**
Assistant Professor
29 September 2003

Dr. Tan Meng Tong's research interests include the design and testing of novel power electronics systems.

**Dr. Du Chunling**
Adjunct Assistant Professor
20 August 2003

Dr. Du Chunling specializes in the field of power electronics, with a focus on power converters and renewable energy systems.

**Dr. Li Changmin**
Associate Professor
21 August 2003

Dr. Li Changmin's research focuses on the development of new power electronics devices and their applications.

**DIVISION OF CIRCUITS & SYSTEMS**

**Dr. Yang Jun**
Assistant Professor
01 August 2003

Dr. Yang Jun's research interests include the design and implementation of novel circuit architectures.

**Dr. Li Zhengguo**
Adjunct Assistant Professor
31 July 2003

Dr. Li Zhengguo's research focuses on the integration of digital signal processing in electronic systems.

**Dr. Rajesh Menon**
Assistant Professor
16 July 2003

Dr. Rajesh Menon's research interests include the design of efficient integrated circuits for wireless communication systems.

**DIVISION OF INFORMATION ENGINEERING**

**Dr. Sirajdeen Gumar Razul**
Assistant Professor
01 April 2003

Dr. Sirajdeen Gumar Razul specializes in the design and implementation of novel communication systems.

**Dr. Sanjay Kumar Bose**
Associate Professor
25 June 2003

Dr. Sanjay Kumar Bose's research focuses on the development of innovative communication systems.

**DIVISION OF ELECTRONIC INSTRUMENTATION & SYSTEMS**

**Dr. Li Jingyi**
Assistant Professor
24 July 2003

Dr. Li Jingyi specializes in the design and implementation of electronic instrumentation systems.

**DIVISION OF CONTROL & INSTRUMENTATION**

**Dr. Li Chunfeng**
Assistant Professor
21 July 2003

Dr. Li Chunfeng's research focuses on the development of new control systems and measurement techniques.

**DIVISION OF MICROELECTRONICS**

**Dr. Zhang Yuming**
Assistant Professor
01 May 2003

Dr. Zhang Yuming's research interests include the design and implementation of novel microelectronic systems.

**Dr. Li Changmin**
Associate Professor
21 August 2003

Dr. Li Changmin's research focuses on the development of new microelectronic devices and their applications.
