The A*STAR International Graduate Scholarships (IGS) offer support for up to 2 years of academic pursuit at the Nanyang Technological University and the National University of Singapore leading to the award of a Master’s degree by research. Areas of specialisation include Biomedical Sciences, and Physical Sciences and Engineering.

The IGS is open to students from Iranian universities.

Eligibility
- Top 15% of University cohort or minimum GPA of 15 out of 20 under the Iranian system of grading, and good reports from academic referees OR UK First Class Honours degree or minimum GPA of 3.8 from US universities
- Good Command of English, TOEFL results to be submitted if available

Successful candidates will receive full tuition fees, annual book allowance, monthly sustenance allowance and return airfare.

Applications must be made through the International Affairs Office at your University;
Applications open from 1 Dec 2004 to 31 January 2005
