Title : NEWRI Occupational Safety, Health & Environment (OSHE) Policy		
Audience : All NEWRI Faculty, Staff, Students and Laboratory Users in NEWRI		

NEWRI OSHE Policy

The Nanyang Environment and Water Research Institute (NEWRI) is recognising its corporate responsibilities and commitments to take reasonably practicable means to provide a safe and healthy environment to all faculty, staff, partners, students and visitors. NEWRI further commits to strive for progress with consideration to environmental sustainability.

- Comply with applicable safety, health & environmental legislations in Singapore;
- Adopt the Singapore Safety Management Framework (SS506) and proactively manage work related risks to prevent incidents;
- Inculcate a sense of shared stewardship for OSHE matters among faculty, staff and students to prevent injury and ill health;
- Set OSHE objectives and monitor relevant safety as well as occupational health performances periodically;
- Provide appropriate OSH training, information and supervision for faculty, staff and students to work safely and reduce risks at source;
- Report and investigate promptly ALL incidents to determine the root cause(s) and take appropriate actions to prevent recurrence;
- Continually review the infrastructural facilities and research projects to address risks as well as the prevention to environmental pollution;
- Provide appropriate resources to achieve the intent of this policy.
- Strive for continual improvements to NEWRI OSH management system (OSHMS).

Professor Ng Wun Jern
Executive Director of NEWRI
