Discretionary Admissions (DA)

Applicants with exceptional talents and/or outstanding achievements beyond schools' co-curricular activities can be considered, subject to a minimum level of academic competence, for admissions under Discretionary Admissions (DA). If you have one or more of the following achievements, and wish to be considered under this scheme, you must provide details under the DA section of the application form:

- Winner at the International Olympiads or in the National Science & Talent Search
- Significant awards/achievements in area relevant to the programme applied
- Carded athlete* or represented Singapore in Arts and/or Sports such as Olympics, SEA/ASEAN/ASIAN games, etc.
- Active involvement/participation in community services and/or volunteering work
- Demonstrated excellence in areas such as leadership, entrepreneurship, arts & culture, sports, etc.

In addition to providing information above, applicants must submit an essay of not more than 300 words under the DA section of the application form and at least **1** (maximum 2) appraisal online to support their applications. Shortlisted candidates are required to attend an interview and present relevant supporting documents for verification. Incomplete submission of the required information will render the application under the DA scheme invalid; the admission application based on academic results will still be processed.

* Carded Athletes are athletes who have been nominated for the High Performance Sports (HPS) based on their profile of the past 12 months (1 Jan to 31 Dec) performance / potential to achieve at the Major games. The Singapore Sports Institute (SSI) evaluates and categorizes nominated athletes based on their achievements in local and international competitions.
