Matriculation is a formal process where a person registers for study at the University and thus becomes a member of the University student community. Matriculation carries with it the agreement to abide by the University rules and regulations, and codes of conduct. This includes payment of any fees required by the University.

Matriculation is done online at http://www.ntu.edu.sg/Students/Undergraduate/AcademicServices/Matriculation/Pages/default.aspx and the matriculation period is from 18 – 24 July 2018 (10am to 10pm). After you have successfully matriculated, you will be able to print your class timetable at the same website.

If you accept our offer of admission from 25 July 2018 onwards, please matriculate one working day after you have created your network account. Please note that your name will not be in the University’s register if you do not matriculate online.

4. REGISTRATION OF COURSES

Courses for Semester 1

As this is your first semester in NTU, you will be assigned your class timetable. You do not have to register courses on your own unless you receive separate instructions from your School. After you have matriculated, you will be able to print your class timetable at the same matriculation link. If you do not intend to register for additional courses, you can proceed to attend your classes.
Note: For subsequent semesters, you have to register your courses on your own through the Student Automated Registration System (STARS).
http://www.ntu.edu.sg/Students/Undergraduate/AcademicServices/CourseRegistration/Pages/default.aspx.

To Register Additional Courses

Registration for additional courses is optional. It may not always be wise to do so in the first semester of enrolment as you are still adjusting to University's life and curriculum demand. Hence, please seek your School's advice and read the specific instructions for your programme in your School's webpage
http://www.ntu.edu.sg/Students/Undergraduate/AcademicServices/CourseRegistration/Pages/CurriculumStructure.aspx
Some Schools require their students to seek approval before registering additional courses.

You may register for additional courses only during the Add/Drop period (Teaching Week 1). Please login to StudentLINK and select Academic Matters → STARS. The Add/Drop schedule, overview of the curriculum structure, Step-by-Step Guide to Course Registration and user guide for STARS are available at the Course Registration website
http://www.ntu.edu.sg/Students/Undergraduate/AcademicServices/CourseRegistration/Pages/default.aspx.

Adding or Dropping Courses

The Add/Drop period provides an opportunity for students to assess whether the courses and load that they have registered suit their pace, interest and learning needs. During this period, students may drop courses that do not meet their needs and try another. As this is your first semester of enrolment, please seek your School's advice before adding or dropping courses.

A course that is dropped during the add/drop period will not appear in the official transcript. A student who is still registered for a course after the Add/Drop period but did not subsequently sit for the examination will be deemed to have read and failed the course. An 'F' grade will appear on his official transcript.
