

Important Notes for NSFs applying admissions for AY 2012-13

As our university admission exercise begins in October each year, NSFs who are undergoing intensive training during these months (with NS training sometimes conducted on weekends) may find it difficult to attend these interviews/tests. As such, since 2010, MINDEF/SAF has put in place arrangements to facilitate full-time National Servicemen (NSFs) to attend local university admission interviews/tests.

In 2012, a 3-day window from **13 Apr 2012 (Fri) to 15 Apr 2012 (Sun)** will be set aside for 1st year NSFs to attend local university admission interviews/tests. Universities have been informed of the 3-day window, and units have been informed not to schedule training over this period. For some NSFs, this window will fall within their post-BMT block leave. Please see the table below for the available windows for the local university admission interviews/tests in 2012.
