

The Young Professionals' Group: A Unique 'Character'-based Scholarship

In spite of the loose connection between success and academic aptitude, all too often, scholarships are awarded to those with the highest GPA's. 10 years ago, two college graduates joined hands to change that. We are now delighted to bring [The Young Professional Groups' \(YPG\)](#) scholarship program to Singapore.

Who: Students who demonstrate strength of [character](#), [work ethic](#), [commitment](#) to an occupational field, commitment to the [community](#), and [financial need](#)

What: YPG scholarships consist of a monetary award of [SGD\\$1,500](#). The true value is delivered by the access the scholarships recipients gain to [The YPG Advisor Network](#) where students will be connected to an expert in their field of interest.

As the student progresses through their career, the network will constantly connect you to the right people who can mentor and guide to ensure a successful career.

Where: To apply for the scholarship, please go to: <http://tinyurl.com/ypgsin2011> or e-mail Kavitha Mantha: kavithacm@gmail.com for further information. *(Please include "YPG 2011 Scholarship" in your subject)*
