**Frequently Asked Question on the Minor in Pharmaceutical Engineering**

**Question 1**  Is there an entry requirement?

**Answer**  No. The Minor in Pharmaceutical Engineering is open to all students in NTU except Division of Chemical and Biomolecular Engineering students.

**Question 2**  Can the School help me if there are clashes in the time-table?

**Answer**  It is the responsibility of the students to plan and ensure that all the subjects they intend to take do not clash.

**Question 3**  What if I take the Chemical and Biomolecular Engineering subjects and find that I am unable to complete the requirements for the Minor?

**Answer**  All the Chemical and Biomolecular Engineering subjects you take can be counted towards your general electives.
