Dear Students

My 23-year-old daughter shared this with me recently. As I wonder if she is trying to tell me something, do you find yourself relating to this meme too?

You may be asking - how can I secure **A REAL JOB**?

Professional Services

The recruitment period for Management Consulting and the Big 4 are typically held in August and September. As some of you may have heard, preparation to successfully secure a full-time or internship role in these Consulting and Professional services demands a lot of hard work. In fact,

some of the students whom I have spoken to started their preparations as early as during Year 1. But do students really know what to do, and are they headed in the right direction?

While many of you aspire to enter the Management Consulting arena, there may be concerns over how the benchmark is set pretty high. Nonetheless, I have witnessed many success cases – students securing their desired positions in Management Consulting and/or the Big 4, and they knew exactly what they were doing.

How did they do it? They worked hard, and worked with guidance.

These students have chosen to level up across several aspects, including:

- Case Interview Essentials – Honing [case interview skills](#), [mental math capability](#) and [business fundamentals](#)
- [Network](#) – Broadening their social circle to connect with more like-minded aspirants and/or mentors. They have achieved this through joining consulting clubs, interest groups and mentoring circles.

Some however, despite all this, still may not make the mark.

Take heart that the skillsets you acquire throughout the months and years of preparation will open many other doors and opportunities too! Everyone's growth journey is different and there would be high and lows during your job search process. Regardless, always remember that if you do not give up, all roads lead to Rome eventually. Consistency is the key.

To inspire you, here are just some doors/organisations that your seniors have landed to launch their career.

The above information extracted from CareerSocius Business & Consulting package

Tourism, Hospitality & MICE

All that long-awaited news about the world opening up again! With the latest travel updates (Vaccinated Travel Lanes) and MICE possibilities popping up here and there, it looks like some of you can plan your grad trip after all!

During my recent catch up with two NTU alumni from the Singapore Tourism Board recently, they shared that Conventions and Exhibitions are planning to increase the size limits for events. Last heard there may be a big event allowing up to 1,000 participants in the works, so let's look forward to some exciting recovery in 2022!

Even as recovery may be slow, expect roles in leisure marketing, content creation, marketing & branding, virtual content development to be available in 2022/2023! Bearing this in mind, start your learning plan so as to meet the needs of the world.

You are not that girl in the meme! Let's go get you **A REAL JOB!**

Feel free to approach me if you would like to learn more about the opportunities available and prepare for interviews in the Accounting & Audit, Tourism, Hospitality & MICE, Management & HR Consulting, Professional Services industries.
