### About Micron

Micron Technology is a global leader in innovative memory and storage solutions that accelerate the transformation of information into intelligence. Our solutions enable and inspire people, businesses and communities around the world to learn, communicate and advance faster than ever. As an industry pioneer, we deliver the world's broadest portfolio of technologies that are helping to drive today's most significant and disruptive breakthroughs, such as artificial intelligence, the Internet of Things (IoT) and autonomous vehicles.

With over 9,000 employees in Singapore and as the global leader in memory solutions, we are rapidly expanding our team to continuously innovate and push the boundaries of our technologies.

### Great Place to Work

Achieved No. 2 ranking in 2024 Singapore Best Workplace - Micron making workplace Great For All. Micron believe in cultivating an inclusive and progressive ecosystem for all our employees, regardless of their gender and identity. From internship to career, plan your future in a company that celebrates you - somewhere you can be all that you can be!
