

Your future in tech entirely within reach

Technology Development Programme 2024

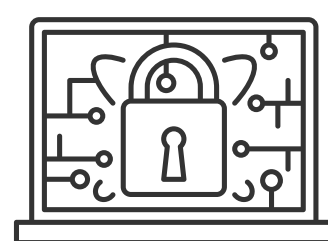

A launchpad to kickstart your career in tech that provides a structured training programme in your first 12-months, where you will get hands-on experience with all the digital and technical operations of the bank.

Fresh graduates without prior technology experience or with less than 3 years of experience are welcome to apply.

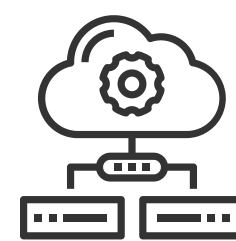

Choose from these Technology Tracks:

*Software
Development*

Cybersecurity

*Infrastructure and
Platform Services*

Apply and be on your way to an exhilarating career now.
