

OPERATIONS PROFESSIONAL DEVELOPMENT PROGRAM

EXPAND YOUR POSSIBILITIES

Abbott is a global healthcare leader, creating breakthrough science to improve people's health. We're always looking towards the future, anticipating changes in medical science and technology.

About Operations Professional Development Program (OPDP):

- OPDP is designed to offer personal and professional growth through breadth and depth of Operations experience in areas such as Engineering, Supply Chain Planning/Material Management, Project Management, Plant Quality, Operations Excellence.
- Over the course of 3 years, an OPDP member will engage in 3 critical career experiences to accelerate learning in Technical, Supervisory and Global Operations Excellence fields.
- Upon completion of the program, members graduate out into their next full time post-program position and continue growing their career and contributing as an Abbott professional.
