

EACCS 2007 Program Overview

2 December 2007 (Sunday)				
Time	Venue			
17:00 - 19:00		Registration		
19:00 - 21:00		Welcome Reception		
3 December 2007 (Monday)				
Time	Venue			
08:00 - 09:00		Registration		
09:00 - 09:15		Welcome		
		Keynote 1: An Approach to the Detection of Volatile Organic Compounds		
		Makoto Egashira, Nagasaki University, Japan		
10:00 - 10:30		Coffee Break		
		Keynote 2: Optical Detection Technologies Developed for Point of Care Bioassay Devices		
		Swee Chuan Tjin, Nanyang Technological University, Singapore		
11:15 - 12:00		Keynote 3: Crystalline Nanowires of Semiconducting Metal Oxides as a New Generation of Selective and Stable Gas Sensors		
		Giorgio Sberveglieri, Brescia University, Italy		
12:00 - 14:00		Lunch & Posters 1		
Time	Venue	Room A	Room B	Room C
14:00 - 16:00		Gas Sensor 1	Biosensor & TAS 1	Nanotechnology applications in chemical sensors 1
16:00 - 16:15		Coffee Break		
16:15 - 18:15		Gas Sensor 2	Biosensor & TAS 2	Nanotechnology applications in chemical sensors 2
4 December 2007 (Tuesday)				
Time	Venue	Room A	Room B	Room C
08:00 - 08:30		Registration		
08:30 - 10:30		Gas Sensor 3	Electrochemical Devices/Systems	Novel approaches to sensing 1
10:30 - 10:45		Coffee Break		
10:45 - 12:15		Gas Sensor 4	Biosensor & TAS 3	Novel approaches to sensing 2
12:15 - 14:00		Lunch & Posters 2		
14:00 - 15:30		Gas Sensor 5	Biosensor & TAS 4	New sensing materials development 1
15:30 - 15:45		Coffee Break		
15:45 - 17:15		Gas Sensor 6	Other emerging chemical sensors	New sensing materials development 2
19:00 - 22:00		Conference Banquet		
5 December 2007 (Wednesday)				
Time	Venue	Room A	Room B	Room C
08:30 - 10:30		Gas Sensor 7	Nanotechnology applications in chemical sensors 3	Sensing principles and mechanisms
10:30 - 10:45		Coffee Break		
10:45 - 12:15		Gas Sensors 8	Sensor fabrication technology	Sensing explosive & toxicants
12:15 - 14:00		Lunch		
15:00 - 22:00		Sentosa Excursion including 'Songs of the Sea'
