Dear Member,

You are invited to join us in the Welding Technology Forum on 13 February.

SWS has formed a Welding Technology Committee recently with the aim of introducing new welding technologies for its corporate members and other companies in Singapore. The Welding Technology Forum is organized to serve the following purposes:

- (1) It shall be a brain storming and open dialogue session for the corporate members to come out with welding R&D ideas that can enhance and improve their business operations. Members shall be able to express their views about their specific needs for the types of welding R&D in Singapore.
- (2) It will help to explore collaboration opportunities with IMRE and other A\*Star institutes, including SIMTech (Singapore Institute of Manufacturing Technology) and IHPC (Institute of High Performance Computing).
- (3) It will help our members to explore funding schemes from EDB or SPRING.

The tentative programme is shown below and we will update you with more details:

6:00 pm	Registration & refreshments
6:30 pm	Welcome addresses by Director of IMRE and President of SWS
6:40 pm	Overview of IMRE's R&D capabilities by Dr Emma PHILPOTT
6:55 pm	EDB / SPRING presentation on government funding schemes
7:10 pm	Speeches by corporate representatives & open dialogue session
8:00 pm	Tour of IMRE's research labs
8:15 pm	Buffet dinner & informal discussion

**Reply to us** by fax (No: 6464 0186) should you wish to participate in the forum
