

Tuition Fees for Graduate (Coursework) Full-Time and Part-Time Programmes for Academic Year 2019-2020

(A) Notes on Fees

1) Eligibility Guidelines for Ministry of Education (MOE) Subsidy

The substantial tuition subsidy from the Government of Singapore comes in the form of a MOE Subsidy which is administered by the Ministry of Education (MOE) and is offered to all admitted students up to the normal course programme duration.

(1.1) Students with a Higher Degree Qualification

Students who have previously enjoyed MOE subsidy or government sponsorship in a graduate programme will not be eligible for MOE subsidy in another graduate programme at the same or lower level. Instead, such students will be liable to pay “Non-subsidised Fees” for the graduate programme that they now wish to undertake. For example, students who had previously enjoyed MOE subsidy in a Masters programme and had attained the Masters degree will not be eligible for subsidy in another programme at Masters degree or lower level. In addition, if they wish to upgrade in another discipline area where the programme has a combination of Masters and PhD candidature, they will not be eligible to enjoy MOE subsidy during the Masters candidature.

(1.2) Transferred or Re-admitted Students

Students who are transferred or re-admitted within NTU or across Autonomous Universities ** will be eligible to receive MOE subsidy up to the maximum programme duration for the new programme less number of semesters of MOE subsidy received from the previous programme.

** Autonomous Universities refer to NTU, National University of Singapore (NUS), Singapore Management University (SMU), Singapore University of Technology and Design (SUTD), Singapore Institute of Technology (SIT) and Singapore University of Social Sciences (SUSS).

2) Service Obligation

Individual international student who chooses to pay lower subsidised fees will need to take up a three-year service obligation. As part of the service obligation, the international student is required to work in Singapore-based companies upon graduation. For those who choose NOT to opt for the service obligation will be liable for non-subsidised fees.

Singapore-based companies refer to local companies and international companies that have a base in Singapore which is registered with the [Accounting & Corporate Regulatory Authority](#) (ACRA), or companies of such Singapore-registered companies that are based overseas.

The duration of the service obligation is fixed at 3 years, regardless of the duration of study at subsidised rates.

All fees listed below are in Singapore dollars (S\$). Every year, fees are reviewed and subject to revision.
