

Tuition Fees for Graduate (Coursework) Full-Time and Part-Time Programmes for Academic Year 2024-2025

(A) Notes on Fees

1) Eligibility Guidelines for Ministry of Education (MOE) Subsidy

The substantial tuition subsidy from the Government of Singapore comes in the form of an MOE Subsidy which is administered by the Ministry of Education (MOE) and is offered to all admitted students in eligible Masters programmes up to the normal programme duration.

(1.1) Students with a Higher Degree Qualification

Students who have previously enjoyed MOE subsidy or government sponsorship in a graduate programme will not be eligible for MOE subsidy in another graduate programme at the same or lower level. Instead, such students will be liable to pay “Non-subsidised Fees” for the graduate programme that they now wish to undertake. For example, students who had previously enjoyed MOE subsidy in a Masters programme and had attained the Masters degree will not be eligible for subsidy in another programme at Masters degree or lower level. In addition, if they wish to upgrade in another discipline area where the programme has a combination of Masters and PhD candidature, they will not be eligible to enjoy MOE subsidy during the Masters candidature.

(1.2) Transferred or Re-admitted Students

Students who are transferred or re-admitted within NTU or across Autonomous Universities ** may not be eligible for MOE subsidy for the full normal programme duration for the new programme, depending on the number of semesters of MOE subsidy received from the previous programme.

** Autonomous Universities refer to NTU, National University of Singapore (NUS), Singapore Management University (SMU), Singapore University of Technology and Design (SUTD), Singapore Institute of Technology (SIT) and Singapore University of Social Sciences (SUSS).

2) Service Obligation Scheme

With effect from AY2020-2021, service obligation scheme is no longer applicable to students taking Masters by coursework programmes.
