The offer of admission is made to you subjected to the condition that the University is satisfied that you are medically fit to pursue the programme of study. **As such, all students must undergo health screening prior to admission.**

Starting from AY2024 Semester 2, students enrolled in part-time study will be exempt from health screening. This is applicable only to **part-time** postgraduate students.

For Singapore Citizens and Singapore Permanent Residents

Students who are unable to have the health screening done at the Fullerton Healthcare @ NTU may have it done by any registered physician in Singapore. The completed [Health Screening Form \(MC1\)](#) should be submitted personally by hand to the Fullerton Healthcare @ NTU before your programme commencement date, as reports sent by mail might be lost in the process. If you are submitting your completed medical report to Fullerton Health @ NTU, please make an appointment using the link in the email sent by Fullerton Healthcare. Do note that there will be an endorsement fee of S\$5 (inclusive of prevailing GST) payable.

Unless you hear from us to the contrary, you may assume that your medical report is in order.

Students who intend to complete the health screening at Fullerton Healthcare @ NTU

You will receive an email from Fullerton Healthcare after you have accepted the offer and obtained your matriculation number (from end May onwards for Semester 1 / Trimester 1 intake). Please follow the instructions to complete the health screening.

Please call the Fullerton Healthcare @ NTU directly at 6793 6828 or email them at: ntu@fullertonhealth.com if you require assistance for the booking of your health screening appointment.

Female students who are expecting their menstrual period to coincide with the health screening, please complete your health screening after the last day of your period. This is to avoid having to come back a second time to complete the urine test, as an ongoing or recent period will interfere with the results of the urine test.

The health screening fee is S\$32 (excluding prevailing GST w.e.f. 2 Jan 2024). If abnormality is found during the physical examination, you may be required to go for a Chest X-ray at an additional fee of S\$15 (excluding prevailing GST w.e.f. 2 Jan 2024).

For International Students

All international students are required by the Immigration and Checkpoints Authority (ICA) to undergo the Human Immunodeficiency Virus (HIV) test and Chest X-ray to exclude Tuberculosis for the issuance of Student Pass. You may choose to do the tests by any registered doctor at a medical clinic licensed to carry out such tests in your home country, and they must be endorsed by **Fullerton Healthcare @ NTU** for a nominal fee.

The health screening fee is S\$50 (excluding prevailing GST w.e.f. 2 Jan 2024) for international students which includes the fee for HIV test.
