

Office of Admissions & Financial Aid

Reg. No. 200604393R

OAFA/0423

5 December 2011

To: All Returning National Servicemen  
Academic Year 2012/13

### **MEDICAL EXAMINATION**

All students **must** undergo a medical examination prior to admission to determine their medical fitness to pursue the programme of study in the University. Medical Examination is conducted at the Medical Centre, NTU.

The medical examination includes Urine Tests and Chest X-ray. The fee is S\$30 (GST inclusive). For students who are reading the double degree programme in Biomedical Sciences and Chinese Medicine, the medical examination fee which includes the cost of the compulsory Hepatitis B screening blood test is S\$45 (GST inclusive). During this period of the medical examination, X-ray is available on site.

We have scheduled for returning national servicemen who are enrolling for the programme reserved in academic year 2012/13 to have their medical examination done earlier to avoid overcrowding. The schedule is given in Annex 1.

The medical examination could be booked online at <http://admissions.ntu.edu.sg/UndergraduateAdmissions> from 12 April to 30 May 2012 according to the schedule given in Annex 1.

Changes to your appointment can be made as long as it is done at least 3 days prior to your confirmed medical examination date. If you are unable to come for your medical examination due to unforeseen circumstances or unable to change the appointment online, please call the Medical Centre directly at 6793 6828/6974 for assistance.

A Medical Examination Form (Paper No. MC1) is enclosed. Please complete the form and bring it along to the Medical Centre on the day of the medical examination. Chest X-ray should be done only after your medical examination.

The Schedule for Medical Examination and Paper No. MC1 are also available at [http://www.ntu.edu.sg/oad2/forms/online\\_applicationforms.html](http://www.ntu.edu.sg/oad2/forms/online_applicationforms.html)

(Please turn overleaf for more instruction)

If you are unable to have your medical examination done at Medical Centre, you may have it done by any other registered physician. The medical examination form completed by the physician together with the X-ray report should preferably be submitted personally by hand to the NTU Medical Centre as reports sent by mail might be lost in the process.

If you are **not** enrolling in academic year 2012/13, medical examination is not required at this point of time.
