You must have completed at least 12 years of general education or will be taking High School national examinations in the year of application in order to be considered for admission.

The more common international qualifications that are considered for admission and the respective application periods can be viewed on page 9 and 10. Applicants with other equivalent international qualifications that are not listed may also apply.

In addition, applicants must meet the minimum subject requirements of the degree programmes in the following pages.

Please refer to HERE on English Language requirements and click on respective High School qualification at our website for most updated information.

LEE KONG CHIAN SCHOOL OF MEDICINE

Programme Minimum Subject Requirements Selection Test/ Interview

Medicine

Chemistry at Senior High School Level, and Biology/Physics at Senior High School Level

In addition, applicants are required to submit the following materials for admissions assessment:
1. Academic results
2. University Clinical Aptitude Test (UCAT) results
   ▶ Only UCAT results taken in the twelve-month period prior to admission to LKCMedicine will be considered in the selection process.
3. Personal statement
4. Two online referee reports
   ▶ One of the referees must be the applicant’s civics tutor/form teacher. The online referee report is in question and answer format. The questions will take no more than 10 minutes to complete. Instructions and login details will be provided to applicants who will in turn forward the login information to their referees.

Applicants are also recommended to provide details of exceptional talents and/or outstanding achievements beyond school co-curricular activities for admissions assessment.

University Clinical Aptitude Test (UCAT)

Applicants will have to register for the University Clinical Aptitude Test (UCAT) and take the UCAT as part of the criteria for entry to the LKCMedicine MBBS programme.

The University Clinical Aptitude Test (UCAT) is a computer-based admissions test, used by a consortium of UK Universities and non-UK associate member universities including Lee Kong Chian School of Medicine (LKCMedicine) to help select applicants for medical and dental degree programmes.

It is a two-hour test consisting of five separately timed subtests in multiple-choice format. It is an aptitude test focused on assessing a range of mental abilities and knowledge candidates should already have.

If one is applying to the AY2024-25 intake of LKCMedicine, one should take UCAT between 10 July and 28 September 2023, prior to applying to LKCMedicine. Only results of the UCAT taken in the twelve-month period prior to admission to LKCMedicine will be considered in the selection process.

A copy of the UCAT leaflet can be downloaded here.

For more details on the UCAT, including information on how to prepare for it, please click here.

**Footnote to Minimum Subject Requirements**

- **¥** Programme leading to Bachelor of Engineering Science and Master of Science in Technology Management. Renaissance Engineering Programme is only open to Singaporeans and Singapore Permanent Residents.
- **+** Physics at Junior High School Level is only applicable to applicants who have not read Physics at Senior High School Level.
- **★** The programme is also offered as a double degree programme with Economics.
- **£** The programme is also offered as a single degree programme with a Minor in International Trading.
- **♦** The programme is also offered as a double degree programme with a Minor in International Trading.
- **^** The programme is also offered as a single degree programme with a Minor in Business.
- **§** Programme leading to Bachelor of Science degree.
- **@** Students who are undecided on their Engineering major may opt for Engineering (i.e. Common Engineering) at the point of application. All Common Engineering students will read a semester of engineering studies after which they will be streamed into either Civil Engineering, Electrical and Electronic Engineering, Environmental Engineering, Materials Engineering or Mechanical Engineering at the end of Year 1, Semester 1. In all cases, admissions and streaming into an engineering major are merit-based.
- **⌘** Mathematics at Senior High School Level is only applicable to applicants who have not read Additional Mathematics at Junior High School Level.
- **⌘** The programme is offered as a single degree programme with two distinct majors. Each major carries equal weight in the degree.
- **^^** The programme is also offered as a single degree programme with a Minor in Finance.
- **†** The programme who do not offer Physics at Senior High School Level may also be admitted, subject to passing an admissions test.
- **#** The programme is also offered as a single degree programme with a Minor in Strategic Communication.
- **▲** These degree programmes are only open to international students on non-subsidised fee. These programmes offer many courses which may require further subject prerequisites. Please refer to the National Institute of Education (NIE) website for details.
