</table>
### Footnote to Minimum Subject Requirements

- **◊**: Programme leading to Bachelor of Engineering Science and Master of Science in Technology Management.
- **▼**: Overall CAP of 2.0 in Physics/equivalent is only applicable to applicants who have not majored in Physics.
- **★**: The programme is also offered as a double degree programme with Economics.
- **£**: The programme is also offered as a single degree programme with a Minor in International Trading.
- **♦**: The programme is also offered as a double degree programme with a Minor in International Trading.
- **^**: The programme is also offered as a single degree programme with a Minor in Business.
- **§**: Programme leading to Bachelor of Science degree.
- **⌘**: Students who are undecided on their Engineering major may opt for Engineering (i.e. Common Engineering) at the point of application. All Common Engineering students will read a semester of engineering studies after which they will be streamed into either Civil Engineering, Electrical and Electronic Engineering, Environmental Engineering, Materials Engineering or Mechanical Engineering at the end of Year 1, Semester 1. In all cases, admissions and streaming into an engineering major are merit-based.
- **⌘**: The programme is offered as a single degree programme with two distinct majors. Each major carries equal weight in the degree.
- **^**: The programme is also offered as a single degree programme with a Minor in Finance.
- **ô**: Applicants who do not major in Physics may also be admitted, subject to passing an admissions test.
- **†**: The programme is also offered as a single degree programme with a Minor in Strategic Communication.
- **#**: The programme is also offered as a single degree programme with a Minor in Digitalisation and Data Analytics.
- **▲**: These degree programmes offer many courses which may require further subject prerequisites. Please refer to the National Institute of Education (NIE) website for details.
