

2 College of Science

The College of Science has 2 schools that push the boundaries of Singapore's life sciences initiatives.

- School of Biological Sciences
- School of Physical and Mathematical Sciences

The School of Physical and Mathematical Sciences runs the only direct Honours degree programmes in the physical and mathematical sciences in Singapore, while the School of Biological Sciences offers a unique and innovative "East meets West" double degree programme in Biomedical Sciences and Traditional Chinese Medicine with the Beijing University of Chinese Medicine in China.
